

TOP SECRET

SECURITY INFORMATION

Director's Meeting

Tuesday, 6 November 1951

Mr. Dulles said that he had received [redacted] stating that [redacted] wants [redacted] back. Col. [redacted] will look into this and determine what we should do in regard to [redacted]

25X1

Mr. Dulles mentioned a letter from Gordon Gray in regard to a briefing on Wednesday. The DCI cannot go and the D/DCI is not going. Mr. Dulles suggested Dr. Millikan.

The Director stated that he would like his PSB book fixed in better order, somewhat along the lines of the USCIB book or the National Security Council book. [redacted] will be responsible for all material to go into the book with appropriate memoranda. [redacted] will also attend all PSB meetings even though the Director or the D/DCI may be present.

25X1

25X1

Mr. Dulles reported on the project drawn up by Mr. [redacted] for [redacted] Committee, composed of substantial Americans. This has been approved by Mr. [redacted] of State. The DCI said that [redacted] should take this up himself at a higher level in State. We will handle the matter under State mandate. Mr. Dulles is rewriting a memorandum and covering letter to State on this matter.

25X1

Mr. Wolf reported on the possible inability to pay the retroactive pay raise. He will examine all angles, however, and have a memorandum prepared within the next day or so.

The DCI pointed out that the whole question of Legislative liaison was bad. Mr. Wolf has this under consideration.

The Director said that he was lunching with Gen. Collins on Thursday, 15 November and wanted Mr. Dulles to go with him.

Mr. [redacted] brought up the question of briefing high-level newsmen. After some discussion as to whether this should be done individually or collectively, the Director said that it should be put off for the time being and we would give it some sober second thought.
